

Bronze with Patina 3 - Gang Wall Switch, 120V 15A, UL Listed

- Three-gang toggle switch configuration in a single wall plate
- Brass construction with bronze with patina decorative finish
- Rated 120V at 15A maximum current draw
- UL listed under file number E481372-20200313
- IP20 rated for non-waterproof, indoor installations
- 1-year manufacturer warranty

OVERVIEW

The C-VTG-SW3-BP is a 3-gang toggle wall switch finished in bronze with patina, intended for residential and light commercial wiring applications where a period-appropriate decorative finish is required alongside standard electrical function. The brass construction provides a durable, consistent decorative surface suited to vintage or transitional interior schemes.

The device is rated for 120V operation at 15A maximum current and carries an IP20 environmental rating for non-waterproof, indoor use. It is UL listed under file number E481372-20200313 and backed by a 1-year warranty.
