

Vintage 3-Gang Toggle Wall Switch, Stainless Steel Panel, 110–250V, White

OVERVIEW

The LumiPro Vintage 3-Gang Toggle Switch is a decorative wall switch designed for residential and light commercial installations where a retro or industrial aesthetic is required. The stainless steel panel pairs with brass toggle actuators to deliver a period-appropriate look suitable for exposed-conduit, loft, or heritage-style wiring projects.

The switch panel measures 86 mm x 86 mm with a 4 mm panel thickness and is compatible with standard 86-size junction boxes. Rated for 110–250V operation and a maximum current of 16A, it accommodates a wide range of North American and international supply voltages. This unit is finished in white and is sold as a final-sale item carrying a limited 30-day warranty.

SPECIFICATIONS

Input voltage	110-250 V	Dimensions	86 x 86 mm
IP rating	IP20	Weight	47 g

INSTALLATION

Suitable junction box:	86size
Applicable voltage :	110-250V
Certification:	CE
