

1 - Gang Wall Plate, Vintage Brass, Solid Brass, 120V/15A, UL Listed

- Solid brass construction with vintage brass finish
 - 1-gang wall plate configuration for standard wall boxes
 - Rated 120V at 15A for residential circuits
- IP20 rated, non-waterproof, for dry indoor use
 - UL listed with 1-year warranty

OVERVIEW

The C-VTG-VB-1-G is a single-gang wall plate finished in vintage brass, used to build custom residential wiring device assemblies. It fits standard single-gang wall boxes where a period-appropriate brass aesthetic is specified.

The plate is constructed from solid brass and rated for 120V/15A service. It carries an IP20 rating with a non-waterproof environmental rating, suitable for dry indoor locations.

The product is UL listed and comes with a 1-year warranty.
