

Vintage Brass 3-Gang Wall Plate, Two Decorator Openings and One Switch, 120V/15A

- Three-gang configuration with two decorator openings and one switch opening
- Vintage brass finish over solid brass material construction
- Rated for 120V service at 15A maximum current draw
- IP20 rated for standard indoor dry-location installation
- UL listed for compliance verification
- Backed by a 1-year warranty

OVERVIEW

The C-VTG-VB-3-D-D-S is a vintage brass 3-gang wall plate assembly built with two decorator openings and one switch opening. It is intended for residential supply applications where a period-appropriate brass finish is specified for retrofit or new construction work.

The assembly is rated for 120 V service at 15 A and carries an IP20 rating, indicating suitability for standard indoor dry-location use. The brass material and finish provide a traditional hardware appearance that can be matched to existing fixtures on a project.

The assembly is UL listed and carries a 1-year warranty.
