

Vintage Brass 3-Gang Wall Plate, Decorator, GFCI and Toggle Openings, 120V, UL Listed

- Three-gang configuration with decorator, GFCI and toggle openings
- Brass construction with a vintage brass finish
- Rated for 120V service at 15A current draw
- IP20 environmental rating for non-waterproof indoor use
- UL listed for compliance verification
- Backed by a 1-year warranty

OVERVIEW

The C-VTG-VB-3-D-G-T is a vintage brass 3-gang wall plate configured with one decorator opening, one GFCI opening and one toggle switch opening. It is intended for residential and light commercial wiring installations where a traditional brass finish is specified alongside mixed device layouts.

The plate is rated for 120V service with a 15A current draw and carries an IP20 environmental rating, classifying it as non-waterproof for indoor use. Brass construction with a vintage brass finish provides a traditional appearance for period or decorative interiors.

The assembly is UL listed and backed by a 1-year warranty.
