

Vintage Brass 3-Gang Toggle Wall Plate, 120V, 15A, UL Listed

- Vintage brass finish for period-style residential installations
 - Solid brass material construction
 - Three-gang configuration with toggle-style switch openings
- Rated 120V at 15A maximum current draw
 - IP20 rated for indoor, non-waterproof environments
 - UL listed and backed by a 1-year warranty

OVERVIEW

The C-VTG-VB-3-G-T-T is a vintage brass 3-gang wall plate configured with toggle-style switch openings, built for residential supply applications where traditional brass hardware is specified alongside standard wiring devices. The brass construction and classic finish suit retrofit and new-construction projects calling for period-appropriate switch plates.

The device is rated for 120V operation with a 15A maximum current draw and carries an IP20 rating for indoor, non-waterproof use. It is UL listed and backed by a 1-year warranty.
