

3-Gang Wiring Device Plate, Switch and Two USB Openings, 120V/15A, Vintage Brass Finish

- 3-gang configuration with one switch opening and two USB openings
- Rated 120V/15A for standard residential circuits
- Solid brass construction with vintage brass finish
- IP20 rated for dry, non-waterproof indoor use
- UL listed for compliance verification
- Backed by a 1-year manufacturer warranty

OVERVIEW

The C-VTG-VB-3-S-U-U is a vintage brass 3-gang wiring device plate configured with one switch opening and two USB openings. It fits standard 3-gang wall boxes and is suited to residential or upscale interior installations where a period-style finish is desired.

The plate is rated for 120V/15A service and carries an IP20 rating, making it appropriate for dry indoor environments. Brass construction provides a durable, traditional finish consistent with vintage-style electrical hardware, and the assembly is non-waterproof for interior use only.

The device is UL listed and backed by a 1-year warranty.
