

Vintage Brass 3-Gang Wall Plate, Two Toggle Switches and One USB, 120V/15A, UL Listed

- Three-gang configuration with two toggle switches and one USB opening
- Vintage brass finish over solid brass construction
- Rated 120V at 15A for standard residential circuits
- IP20 rated, non-waterproof, for interior use only
- UL listed for compliance verification
- Backed by a 1-year warranty

OVERVIEW

The C-VTG-VB-3-T-T-U is a vintage brass 3-gang wall plate assembled with two toggle switches and one USB opening, built for residence supply applications where a classic metal finish is specified. The brass construction and non-waterproof IP20 rating make it suited for interior installations requiring standard switching and USB access in a single location.

The device is rated for 120V operation at 15A and carries a UL listing. It is backed by a 1-year warranty.
