

Vintage Brass 4-Gang Wall Plate, Three Decorator Openings and One Toggle, 120V/15A

- 4-gang configuration with three decorator openings and one toggle opening
 - Vintage brass finish for traditional multi-device installations
- Brass construction rated IP20 for non-waterproof indoor use
 - Rated 120V at up to 15A for standard residential circuits
 - UL listed device with 1-year warranty

OVERVIEW

The C-VTG-VB-4-D-D-D-T is a vintage brass 4-gang wall plate configured with three decorator openings and one toggle switch opening. It is intended for commercial and residential finish-out applications where contractors and property managers require a traditional brass aesthetic across multi-device installations.

Constructed from brass with an IP20 environmental rating, this wall plate is designed for non-waterproof, standard indoor dry-location use. It is rated for 120V circuits at up to 15A, compatible with typical North American wiring configurations.

The device is UL listed and carries a 1-year warranty.
