

Vintage Brass 4-Gang Wall Plate, Two Duplex and Two Single Openings, 120V/15A

- 4-gang configuration with two duplex and two single openings
 - Brass construction with vintage brass finish
 - Rated 120 V, 15 A for standard residential circuits
- IP20 environmental rating for indoor dry-location use
 - UL listed for compliance verification
 - Backed by a 1-year warranty

OVERVIEW

The C-VTG-VB-4-D-D-S-S is a 4-gang wall plate finished in vintage brass, configured with two duplex receptacle openings and two single-device openings in one ganged assembly. It is intended for residential supply applications requiring a period-appropriate finish across mixed device arrangements.

The plate is constructed from brass and rated for 120 V, 15 A service at an IP20 environmental rating, suitable for standard indoor dry-location installations.

The product is UL listed and carries a 1-year warranty.
