

4-Gang Wall Plate, Vintage Brass, Two Duplex, One Single, One USB, 120V 15A

- 4-gang configuration with two duplex, one single and one USB opening
 - Constructed from solid brass with a vintage brass finish
 - Rated 120 V at up to 15 A for standard residential circuits
- IP20 rated, Non-Waterproof, for dry interior installation
 - UL listed
 - 1-year manufacturer warranty

OVERVIEW

The C-VTG-VB-4-D-D-S-U is a vintage brass 4-gang wall plate configured with two duplex openings, one single opening, and one USB opening. It is intended for residential supply installations where a period-appropriate finish is combined with a practical mix of standard and USB receptacle configurations.

The plate is constructed from brass with a vintage brass finish, suited for dry interior environments at IP20 and rated Non-Waterproof. Electrical ratings support 120 V circuits at up to 15 A.

The device is UL listed and carries a 1-year warranty.
