

Vintage Brass 4-Gang Wall Plate, One Decorator and Three GFCI Openings, 120V/15A

- Four-gang configuration with one decorator and three GFCI openings
- Vintage brass finish over solid brass construction
- Rated 120V/15A for standard residential branch circuits
- IP20 rated, non-waterproof, for dry indoor locations
- UL listed assembly with 1-year warranty

OVERVIEW

The C-VTG-VB-4-D-G-G-G is a vintage brass 4-gang wall plate configured with one decorator opening and three GFCI openings. It is intended for residence supply installations where a traditional brass finish is paired with mixed decorator and GFCI device layouts.

Constructed from brass with an IP20 rating and a non-waterproof environmental rating, this plate is suited for dry indoor locations. It is rated for 120V/15A circuits consistent with standard residential branch wiring.

The assembly is UL listed and carries a 1-year warranty.
