

4-Gang Wall Plate, Duplex, Two GFCI Openings and USB, 120V 15A, Vintage Brass, UL Listed

- 4-gang configuration with duplex, two GFCI and one USB opening
- Solid brass construction with vintage brass finish
- Rated for 120V service at 15A
- IP20 rated for dry indoor, non-waterproof installations
- UL listed assembly
- Backed by a 1-year warranty

OVERVIEW

This vintage brass 4-gang wall plate combines one duplex receptacle, two GFCI receptacles and one USB opening in a single build-your-own residential supply configuration. The traditional brass finish suits period-appropriate or decorative interior installations where matching hardware is required.

Constructed from solid brass, the plate is rated for 120 V service at 15 A and carries an IP20 rating suitable for dry indoor environments, with a non-waterproof environmental rating.

The assembly is UL listed and backed by a 1-year warranty.
