

Vintage Brass 4-Gang Wall Plate with Decorator, Single, and Two USB Openings, 120V 15A

- 4-gang brass wall plate with vintage brass finish
- One decorator opening, one single opening, two USB openings
- Rated for 120V service at 15A maximum current
- IP20 rated for standard indoor dry-location use
- UL listed for compliance verification
- Backed by a 1-year warranty

OVERVIEW

The C-VTG-VB-4-D-S-U-U is a vintage brass 4-gang wall plate built for residential supply installations that require mixed device openings in a single assembly. The configuration includes one decorator opening, one single opening, and two USB openings, allowing multiple device types to be combined in one plate for a period-appropriate finish.

Constructed from brass with a vintage brass finish, the plate is rated for 120V/15A service and carries an IP20 rating, suitable for standard indoor dry-location use with a Non-Waterproof environmental rating.

The plate is UL listed and backed by a 1-year warranty.
