

4-Gang Wall Plate, One Decorator Opening and Three USB Ports, Vintage Brass Finish, UL Listed

- 4-gang configuration with one decorator opening and three USB openings
 - Constructed of solid brass with a vintage brass finish
 - Rated for 120V/15A residential supply service
- IP20 environmental rating, non-waterproof, dry interior use only
 - UL listed assembly
 - Backed by a 1-year warranty

OVERVIEW

The C-VTG-VB-4-D-U-U-U is a 4-gang wall plate assembly built for residential supply applications, combining one decorator (Decora-style) opening with three USB openings in a single vintage brass frame. The configuration suits installations where mixed device types are required at one location, such as combined switching and charging points. The plate is constructed of brass with a vintage brass finish, rated for 120V/15A service. It carries an IP20 environmental rating and is classified non-waterproof, making it appropriate for dry interior locations only. The assembly is UL listed and backed by a 1-year warranty.
