

Vintage Brass 4-Gang Wall Plate, UL Listed, 120V, 15A, Brass

- 4-gang configuration with four standard device openings
- Constructed of solid brass in a vintage brass finish
- Rated for 120 V, 15 A residential and light commercial circuits
- IP20 environmental rating for non-waterproof indoor use
- UL listed for compliance verification
- Backed by a 1-year warranty

OVERVIEW

The C-VTG-VB-4-G-G-G-G is a 4-gang wall plate finished in vintage brass, configured with four standard device openings within a single cover plate assembly. It is used in residential and light commercial installations where a traditional brass appearance is specified for switches or receptacles.

The plate is constructed of brass and rated for 120 V, 15 A circuits, with an IP20 environmental rating for non-waterproof indoor use.

The assembly is UL listed and carries a 1-year warranty.
