

Vintage Brass 4-Gang Wall Plate, Two Duplex Receptacle and Two Switch Openings, 120V/15A

- Four-gang configuration with two duplex receptacle openings
- Two toggle switch openings for multi-device wall assembly
- Vintage brass finish over solid brass construction
- Rated for 120 V circuits at up to 15 A
- IP20 environmental rating for non-waterproof interior use
- UL listed with 1-year warranty

OVERVIEW

The C-VTG-VB-4-G-G-S-S is a vintage brass 4-gang wall plate configured with two duplex receptacle openings and two toggle switch openings. Designed for build-your-own residence supply applications, it suits contractors and property managers seeking a classic brass finish for multi-gang wiring device installations.

Constructed from brass with an IP20 environmental rating, the plate is intended for standard dry interior use and is compatible with 120 V circuits up to 15 A.

The product is UL listed and carries a 1-year warranty.
