

Vintage Brass 4-Gang Wall Plate, Three Single Openings and One USB, 120V 15A

- Solid brass construction with vintage brass finish
- Four-gang plate with three single-device openings and one USB opening
- Rated for 120 V, 15 A circuits
- IP20 environmental rating for non-waterproof, indoor use
- UL listed
- Backed by a 1-year warranty

OVERVIEW

The C-VTG-VB-4-S-S-S-U is a vintage brass 4-gang wall plate configured with three single-device openings and one USB port opening, built for residential supply installations requiring a traditional brass finish. The plate is machined from solid brass and rated for 120 V, 15 A circuits, suited to standard decorator-style devices paired with a USB charger insert in one unified faceplate.

The assembly carries an IP20 environmental rating for non-waterproof, indoor use and is UL listed. It is backed by a 1-year warranty.
