- 4-gang configuration with two switch, one toggle and one USB opening
- Constructed of solid brass with a vintage brass finish
- Rated for 120 V operation at up to 15 A
- IP20 environmental rating, classified as non-waterproof for indoor use
- UL listed for compliance verification
- Backed by a 1-year warranty

OVERVIEW

The C-VTG-VB-4-S-S-T-U is a 4-gang vintage brass wall plate configured with two switch openings, one toggle opening and one USB opening, intended for build-your-own residential supply configurations where a traditional brass finish is specified. It is constructed of brass with a vintage brass finish for use in interior residential and light commercial settings.

The assembly is rated for 120 V operation at 15 A and carries an IP20 environmental rating, classified as non-waterproof for indoor use only.

The device is UL listed and backed by a 1-year warranty.
