

4 - Gang Wall Plate, One Decorator Opening and Three Toggle Switches, Vintage Brass, 120V/15A

- 4-gang configuration with one decorator opening and three toggle switch openings
- Solid brass construction with vintage brass finish
- Rated 120V at 15A for standard branch circuit devices
- IP20 rated for indoor dry-location use only
- UL listed assembly
- Backed by 1-year warranty

OVERVIEW

The C-VTG-VB-4-S-T-T-T is a vintage brass 4-gang wall plate configured with one decorator opening and three toggle switch openings, intended for residential and light commercial wiring where a traditional aesthetic is specified. The solid brass construction provides a period-appropriate finish suited to upscale or historic interior renovations.

The plate is rated for 120V service at 15A, matching standard North American branch circuit devices, and carries an IP20 rating for protection against solid objects greater than 12mm in standard indoor dry-location use. It is non-waterproof and intended for interior installation only.

The assembly is UL listed and backed by a 1-year warranty.
