

Vintage Brass 4-Gang Wall Plate, Four USB Openings, 15A 120V, UL Listed

- Four-gang configuration with four USB openings
 - Solid brass construction with vintage brass finish
 - Rated for 120V operation and 15A maximum current
- IP20 rating for indoor, non-waterproof installation
 - UL listed for verified electrical safety compliance
 - Backed by a 1-year manufacturer warranty

OVERVIEW

The C-VTG-VB-4-U-U-U-U is a vintage brass 4-gang wall plate configured with four USB openings, built for custom outlet configurations in residential supply applications. Its solid brass construction and vintage brass finish suit retrofit and new-construction projects where period-appropriate aesthetics are specified alongside standard electrical infrastructure.

The plate is rated for 120V operation and 15A maximum current draw, with an IP20 rating suited to indoor, non-waterproof installations.

The device is UL listed and carries a 1-year warranty.
