

Vintage Brass 5 - Gang Wall Plate, Four Decorator Openings and One Toggle, 120V/15A

- Five-gang layout with four decorator openings and one toggle opening
 - Vintage brass finish over brass construction
- Rated for 120 V circuits at up to 15 A
 - IP20 rating for non-waterproof, dry indoor use
 - UL listed assembly with 1-year warranty

OVERVIEW

The C-VTG-VB-5-D-D-D-D-T is a five-gang combination wall plate finished in vintage brass, configured with four decorator-style openings and one toggle-switch opening. It is intended for residential supply installations where a period-appropriate metallic finish is required across a multi-device gang layout.

Constructed from brass, the wall plate is rated for 120 V circuits at up to 15 A and carries an IP20 rating, suitable for dry indoor environments. The vintage brass finish provides a durable surface consistent with residential and light commercial trim hardware.

The assembly is UL listed and backed by a 1-year warranty.
