

Vintage Brass 5 - Gang Wall Plate, Three Duplex and Two GFCI Openings, 120V/15A

- Five-gang configuration with three duplex and two GFCI openings
- Finished in vintage brass over a solid brass construction
- Rated for 120 V service at a maximum current of 15 A
- IP20 rated for non-waterproof, dry indoor use
- UL listed, backed by a 1-year warranty

OVERVIEW

The C-VTG-VB-5-D-D-D-G-G is a 5-gang combination wall plate finished in vintage brass, configured with three duplex receptacle openings and two GFCI receptacle openings. It is intended for residential supply installations where a decorative metal finish is specified alongside standard receptacle and GFCI configurations.

Constructed from brass, the plate is rated for 120 V service at 15 A and carries an IP20 rating, indicating suitability for dry indoor environments. It is UL listed and backed by a 1-year warranty.
