

5 - Gang Combination Wall Plate, Vintage Brass Finish, Decorator, GFCI and Toggle Openings, 120V/15A

- 5 - gang wall plate with three decorator, one GFCI and one toggle opening
- Vintage brass finish over solid brass construction
- Rated 120 V / 15 A for standard branch circuit devices
- IP20 environmental rating for indoor dry - location use
- UL listed
- Backed by a 1 - year manufacturer warranty

OVERVIEW

The C-VTG-VB-5-D-D-D-G-T is a 5 - gang combination wall plate finished in vintage brass, configured with three decorator-style openings, one GFCI opening, and one toggle opening. It is suited to residential and light commercial installations where multiple switch or outlet types are grouped on a single plate and a classic brass appearance is desired.

The plate is constructed of brass and carries a 120 V / 15 A rating with an IP20 environmental rating for standard indoor dry - location use. It is non - waterproof and intended for interior applications only.

The device is UL listed and backed by a 1 - year warranty.
