

Vintage Brass 5 - Gang Wall Plate, Two Decorator, One GFCI, Two Switch Openings, 120V/15A

- Five-gang configuration with two decorator, one GFCI, two switch openings
 - Vintage brass finish for period-appropriate residential aesthetics
- Solid brass material construction
 - Rated for 120 V service at up to 15 A
 - IP20 rated, non-waterproof, for dry indoor use
 - UL listed with a 1-year warranty

OVERVIEW

The C-VTG-VB-5-D-D-G-S-S is a five-gang wall plate in a vintage brass finish, configured with two decorator openings, one GFCI opening, and two switch openings. It is intended for residential supply applications where a multi-device configuration and a traditional brass appearance are required.

The plate is rated for 120 V service at up to 15 A and carries an IP20 rating, suitable for dry indoor environments with a non-waterproof rating. The brass construction provides a durable, period-appropriate finish suited to upscale residential installations.

The assembly is UL listed and backed by a 1-year warranty.
