

5 - Gang Wall Plate, Vintage Brass Finish, Two Decorator, One GFCI, Two Toggle Openings, 120V/15A

- Five-gang configuration with two decorator openings, one GFCI, two toggle openings
- Vintage brass finish over solid brass construction
- Rated for 120 V / 15 A residential supply service
- IP20 environmental rating for dry indoor, non-waterproof locations
- UL listed assembly
- Backed by a 1-year warranty

OVERVIEW

The C-VTG-VB-5-D-D-G-T-T is a 5-gang wall plate in a vintage brass finish, configured with two decorator-style openings, one GFCI opening, and two toggle switch openings. It is intended for residential supply applications where multiple device types must be grouped in a single multi-gang assembly.

Constructed from brass, this plate is rated for 120 V / 15 A service and carries an IP20 environmental rating for dry indoor locations under a Non-Waterproof environmental classification.

The assembly is UL listed and backed by a 1-year warranty.
