

5 - Gang Vintage Brass Wall Plate, Decorator, Switch, Toggle and USB Openings, 120V/15A

- Five-gang configuration with two decorator, one switch, one toggle and one USB opening
- Finished in vintage brass over a brass construction
- Rated for 120V circuits at up to 15A
- IP20 rated, non-waterproof, for dry indoor use only
- UL listed assembly
- Backed by a 1-year warranty

OVERVIEW

The C-VTG-VB-5-D-D-S-T-U is a five-gang wiring device wall plate finished in vintage brass, configured with two decorator openings, one switch, one toggle and one USB opening. It is intended for residential and light commercial wiring applications where multiple device types are consolidated into a single mounting location.

Constructed from brass and rated for 120V, 15A circuits, the plate carries an IP20 rating, providing protection against solid objects larger than 12mm but no moisture resistance, making it suitable for dry indoor installations only.

The assembly is UL listed and backed by a 1-year warranty.
