

5 - Gang Wall Plate, Two Duplex and Three Toggle Openings, Vintage Brass, 120V/15A

- 5 - gang configuration with two duplex and three toggle openings
- Vintage brass finish over solid brass construction
- Rated for 120 V circuits at up to 15 A
- IP20 rated for non - waterproof, dry indoor use
- UL listed with a 1 - year warranty

OVERVIEW

The C-VTG-VB-5-D-D-T-T-T is a 5 - gang wiring device wall plate finished in vintage brass, configured with two duplex receptacle openings and three toggle switch openings (DDTTT). It suits residential supply installations where a period - appropriate decorative finish is desired alongside multi - device switching and receptacle needs.

Constructed from brass, the plate is rated for 120 V circuits at up to 15 A and carries an IP20 rating, suitable for dry indoor environments only, as it is non - waterproof.

The device is UL listed and backed by a 1 - year warranty.
