

Vintage Brass 5 - Gang Wall Plate, Two Duplex, Two Toggle, One USB, 120V 15A

- Five-gang configuration with two duplex, two toggle, and one USB opening
 - Vintage brass finish over solid brass construction
 - Rated 120 V at 15 A for standard residential circuits
- IP20 rated, non-waterproof, for interior dry-location use
 - UL listed assembly
 - Backed by a 1-year warranty

OVERVIEW

The C-VTG-VB-5-D-D-T-T-U is a five-gang combination wall plate finished in vintage brass, configured with two duplex receptacle openings, two toggle switch openings, and one USB opening. It is intended for residential supply applications where a period-appropriate aesthetic is required alongside multi-function device integration.

The plate is rated for 120 V service at 15 A and carries an IP20 environmental rating with a non-waterproof environmental classification, suitable for standard interior dry-location installations. The vintage brass finish and brass construction provide a traditional appearance appropriate for hospitality, historic renovation, and upscale residential projects.

The assembly is UL listed and backed by a 1-year warranty.
