

5 - Gang Vintage Brass Wall Plate with One Decorator, One GFCI and Three Switch Openings, 120V 15A

- Five-gang configuration with one decorator, one GFCI and three toggle switch openings
- Vintage brass finish for period-appropriate residential installations
- Brass construction rated IP20, non-waterproof for interior use
- Rated for 120V service at 15A maximum current
- UL listed with a 1-year warranty

OVERVIEW

The C-VTG-VB-5-D-G-S-S-S is a five-gang wall plate finished in vintage brass, configured with one decorator opening, one GFCI opening, and three toggle switch openings. It is intended for residential supply applications where multiple device types are grouped under a single cover plate with a period-appropriate finish.

The plate is constructed of brass and carries a non-waterproof, IP20 environmental rating, suited to standard interior locations rather than wet or damp areas. It is rated for 120V service at 15A.

The product is UL listed and carries a 1-year warranty.
