

Vintage Brass 5 - Gang Wall Plate, One Decorator and Four Toggle Openings, 120V/15A, UL Listed

- Five-gang configuration with one decorator and four toggle openings
- Solid brass construction with vintage brass finish
- Rated for 120V/15A wiring device service
- IP20 rated for non-waterproof interior use
- UL listed for code compliance
- Backed by a 1-year warranty

OVERVIEW

The C-VTG-VB-5-D-S-S-S-T is a vintage brass 5-gang wall plate configured with one decorator opening and four toggle switch openings. Designed for residential supply applications, it provides a period-appropriate aesthetic while accommodating multi-device installations in commercial or upscale residential settings.

Constructed from brass, this wall plate offers a durable, corrosion-resistant finish suited for interior, non-waterproof environments with an IP20 rating. It is rated for 120V/15A service, supporting standard wiring device loads at a consolidated control point.

The plate is UL listed and backed by a 1-year warranty.
