OVERVIEW

The C-VTG-VB-5-D-S-S-T-U is a 5 - gang wall plate finished in vintage brass, designed for residential and light commercial wiring installations. The gang configuration combines one decorator opening, two switch openings, one toggle opening and one USB opening, allowing multiple device types to be consolidated into a single mounting point for renovation or new construction work.

Constructed from brass, the plate is rated for 120V / 15A service and carries an IP20 rating, indicating protection against solid objects greater than 12mm with no specific moisture resistance, making it suitable for standard interior dry - location use.

The assembly is UL listed and backed by a 1 - year warranty.
