

Vintage Brass 5 - Gang Wall Plate, 120V, 15A, UL Listed

- Solid brass construction with vintage finish
 - Rated for 120V, 15A residential circuits
 - IP20 rating for non - waterproof indoor use
- UL listed for code - compliant installation
 - Backed by a 1 - year manufacturer warranty
 - Five - gang configuration for multiple device openings

OVERVIEW

The vintage brass 5 - gang wall plate is a solid brass wiring device cover designed for custom residential supply configurations. It suits interior installations where a traditional brass finish is required alongside standard device openings.

Constructed from solid brass, the plate carries a vintage aesthetic suited to period - style or upscale residential interiors. It is rated for 120V, 15A circuits and carries an IP20, non - waterproof rating for indoor use.

The assembly is UL listed and backed by a 1 - year warranty.
