

5 - Gang Wall Plate, Four Decorator Openings and One USB Module, 120V/15A, Vintage Brass Finish

- Five-gang configuration with four decorator openings and one USB module
- Brass construction with a vintage brass finish
- Rated for 120 V / 15 A electrical service
- IP20 rated, classified as non-waterproof for indoor use
- UL listed for compliance verification
- Backed by a 1-year warranty

OVERVIEW

The C-VTG-VB-5-G-G-G-G-U is a 5-gang wall plate configured with four decorator-style openings and one USB module, finished in vintage brass for residential wiring applications requiring a classic aesthetic. It is intended for interior installation in dry environments.

Constructed of brass, the plate is rated for 120 V / 15 A service and carries an IP20 rating, classifying it as non-waterproof and suitable for standard indoor conditions.

The device is UL listed and backed by a 1-year warranty.
