

5 - Gang Wall Plate, Three Grommet, One Switch, One Toggle Opening, 120V/15A, Vintage Brass

- Five-gang combination plate with three grommet, one switch and one toggle opening
- Solid brass construction in a vintage brass finish
- Rated 120V at 15A for standard branch-circuit wiring devices
- IP20 rated for indoor, non-waterproof applications
- UL listed assembly
- Backed by a 1-year manufacturer warranty

OVERVIEW

The C-VTG-VB-5-G-G-G-S-T is a five-gang combination wall plate in a vintage brass finish, configured with three grommet openings, one switch opening and one toggle opening. It allows several wiring devices to be mounted within a single gang location while preserving a traditional appearance for residential or light commercial installations.

Constructed from brass, the plate is rated for 120V/15A service and carries an IP20 rating, suitable for standard indoor dry-location use with a non-waterproof environmental rating.

The assembly is UL listed and backed by a 1-year warranty.
