

Vintage Brass 5-Gang Wall Plate, Two Decorator and Three Standard Openings, 120V/15A, UL Listed

- Five-gang brass wall plate with two decorator and three standard openings
 - Rated for 120 V service at 15 A maximum current draw
- Constructed from solid brass with a vintage brass finish
 - IP20 rated, classified non-waterproof for indoor use
 - UL listed assembly backed by a 1-year warranty

OVERVIEW

The C-VTG-VB-5-G-G-U-U-U is a vintage brass 5-gang wall plate for multi-device residential supply installations. Its configuration combines two decorator openings and three standard duplex openings, allowing a single plate to serve mixed switch and receptacle layouts where a traditional brass aesthetic is required. The plate is rated for 120 V service at 15 A and constructed from brass with a vintage brass finish. It carries an IP20 rating and is classified non-waterproof, suiting indoor residential use rather than wet or damp locations. The assembly is UL listed and backed by a 1-year warranty.
