

Vintage Brass 5 - Gang Wall Plate, Three Single and Two Toggle Openings, 120V/15A

- 5 - gang wall plate with three single - device and two toggle openings
 - Vintage brass finish over solid brass construction
 - Rated 120V at 15A maximum current draw
- IP20 environmental rating for non - waterproof indoor use
 - UL listed device
 - Backed by 1 - year warranty

OVERVIEW

The C-VTG-VB-5-S-S-S-T-T is a 5 - gang combination wall plate finished in vintage brass, configured with three single - device openings and two toggle - switch openings. It is intended for residential supply applications requiring a period - appropriate brass finish combined with a multi - device wiring configuration.

The assembly is rated for 120V operation at 15A and carries an IP20 environmental rating, indicating suitability for standard indoor, non - waterproof installations. Brass construction supports the vintage aesthetic while providing a durable mounting surface for the five device openings.

The unit is UL listed and backed by a 1 - year warranty.
