

Vintage Brass 5 - Gang Wall Plate, Two Single Openings and Three USB, 120V/15A

- Five-gang configuration with two single-device openings and three USB openings
- Finished in vintage brass for period-appropriate residential installations
- Solid brass construction rated 120 V / 15 A
- IP20 environmental rating for standard indoor dry-location use
- UL listed with a 1-year warranty

OVERVIEW

The C-VTG-VB-5-S-S-U-U-U is a five-gang wall plate finished in vintage brass, configured with two single-device openings and three USB port openings. It is intended for residential supply applications where a period-appropriate metal finish is paired with modern device or charging connectivity.

Constructed from brass, the plate is rated for 120 V / 15 A service and carries an IP20 environmental rating, suitable for standard indoor dry-location installations. It is UL listed and carries a 1-year warranty.
