

5 - Gang Toggle Switch Wall Plate, Vintage Brass Finish, 120V/15A, UL Listed

- Five-gang configuration with five single-pole toggle switches
- Vintage brass finish over solid brass construction
- Rated for 120V service at 15A maximum current
- IP20 rated for non-waterproof, dry-location use
- UL listed for compliance verification
- Backed by a 1-year manufacturer warranty

OVERVIEW

The C-VTG-VB-5-S-T-T-T-T is a 5-gang wall plate assembly finished in vintage brass, configured with five single-pole toggle switches for residential supply applications. It is intended for interior installations where a traditional brass aesthetic is specified alongside standard toggle-switch layouts.

The assembly is rated for 120 V service at 15 A and carries an IP20 rating with a non-waterproof environmental rating, indicating suitability for dry, indoor locations only. The brass construction provides a period-appropriate appearance for renovation or custom residential projects.

The unit is UL listed and backed by a 1-year warranty.
