

Vintage Brass 5 - Gang Wall Plate, Four Toggle Openings and One USB, 120V 15A

- Five-gang configuration with four toggle openings and one USB opening
- Vintage brass finish over solid brass construction
- Rated 120V at 15A for standard branch circuit use
- IP20 rated for dry interior, non-waterproof environments
- UL listed assembly with 1-year warranty

OVERVIEW

The C-VTG-VB-5-T-T-T-T-U is a five-gang wall plate finished in vintage brass, configured with four toggle switch openings and one USB port opening. It suits residential and light commercial supply applications where a period-appropriate brass aesthetic is paired with modern USB connectivity at the wall plate level.

Constructed from brass, the plate is rated for indoor use at 120 V and 15 A, suitable for standard branch circuit installations. The IP20 rating confirms suitability for dry interior environments only.

The assembly is UL listed and carries a 1-year warranty.
