

5 - Gang Wall Plate, Two Toggle Switches, Three USB Openings, 15A 120V, Vintage Brass

- Five-gang configuration with two toggle openings and three USB openings
 - Brass construction finished in vintage brass
 - Rated 15 A at 120 V for standard residential branch circuits
- IP20 rated for dry, indoor, non-waterproof installations
 - UL listed
 - Backed by a 1-year warranty

OVERVIEW

The C-VTG-VB-5-T-T-U-U-U is a 5-gang wall plate assembly configured with two toggle switch openings and three USB openings, finished in vintage brass. It is intended for custom residential supply installations where switching and charging functions are combined into a single cover plate.

Constructed from brass, the assembly is rated 120 V and 15 A for standard residential branch circuits. IP20 protection indicates suitability for dry, indoor environments only.

The device is UL listed and carries a 1-year warranty.
