

5 - Gang Wiring Device Plate, Vintage Brass, One Toggle and Four USB Openings, 120V/15A

- Five-gang configuration with one toggle opening and four USB openings
- Solid brass construction in Vintage Brass finish
- Rated 120V at 15A for standard residential circuits
- IP20 environmental rating for indoor, non-waterproof use
- UL listed assembly
- Backed by a 1-year warranty

OVERVIEW

The C-VTG-VB-5-T-U-U-U-U is a 5-gang wiring device plate finished in Vintage Brass, configured with one toggle opening and four USB openings. It is designed for multi-device wall installations requiring a coordinated, period-appropriate aesthetic in upscale residential construction and renovation projects.

The plate is rated for 120V/15A service and carries an IP20 environmental rating for non-waterproof, indoor use. Construction is solid brass, providing durability for high-use residential wall locations.

The assembly is UL listed and backed by a 1-year warranty.
