

5 - Gang Wall Plate with Five USB Openings, Vintage Brass Finish, 120V/15A, UL Listed

- Five-gang configuration with five USB openings
 - Vintage brass finish for period-style installations
 - Solid brass construction for device housing
- Rated 120 V, 15 A for standard residential circuits
 - IP20 environmental rating, non-waterproof indoor use
 - UL listed, backed by 1-year warranty

OVERVIEW

The C-VTG-VB-5-U-U-U-U-U is a 5-gang wall plate configured with five USB openings, finished in vintage brass for residential and light commercial installations. It is intended for multi-device wall locations where USB charging access is needed alongside a traditional period-style appearance.

Constructed from brass, the plate carries a 120 V, 15 A rating and an IP20 environmental rating, classifying it as non-waterproof for indoor dry-location use. It is UL listed and backed by a 1-year warranty.
