

White Brass 1 - Gang Wall Plate, Brass, 120V 15A, UL Listed

- Single-gang configuration for standard wall box installations
- Brass construction with white brass finish
- Rated 120 V at 15 A for residential circuits
- IP20 rated for non-waterproof indoor use
- UL listed for code-compliant installation
- Backed by 1-year warranty

OVERVIEW

The C-VTG-WB-1-G is a single-gang wall plate finished in white brass, built for residential and light commercial wiring applications. It is intended for standard wall box installations requiring a durable metallic cover in a vintage-style finish.

The device is rated for 120 V at 15 A and carries an IP20 rating, indicating suitability for dry, non-waterproof indoor locations. It is constructed of brass for durability in standard wall installations.

The device is UL listed and backed by a 1-year warranty.
