

White Brass 1 - Gang Wall Plate, Brass Construction, 120V 15A, UL Listed

- Single-gang wall plate configuration
- White brass finish over brass construction
- Rated for 120V circuits at 15A
- IP20 rated, non-waterproof environmental rating
- UL listed
- 1-year warranty

OVERVIEW

The C-VTG-WB-1-S is a single-gang wiring device wall plate finished in white brass, intended for build-your-own residential wiring device configurations where a brass-finished faceplate is required. It is rated for standard 120V residential circuits.

Constructed of brass with a non-waterproof, IP20 environmental rating, it is suited for indoor dry-location installations and rated to carry up to 15A.

The device is UL listed and carries a 1-year warranty.
