

Vintage 2-Gang Wall Plate, White Brass Finish, 120V 15A, UL Listed

- Two-gang wall plate configuration for vintage hardware builds
- White Brass finish over brass construction
- Rated 120 V at 15 A for standard residential circuits
- IP20 rated for dry indoor use, non-waterproof
- UL listed for verified electrical safety compliance
- Backed by a 1-year warranty

OVERVIEW

The C-VTG-WB-2-G-S is a two-gang wall plate in a white brass finish, built for build-your-own vintage hardware configurations in residential and light commercial electrical work. The brass construction provides a finished, durable mounting surface for switch and receptacle assemblies.

The device is rated for 120 V at 15 A and carries an IP20 rating, suitable for dry indoor installations without protection against contact with live internal parts. It is UL listed and backed by a 1-year warranty.
