

2 - Gang Wall Plate, White Brass Finish, Stainless Steel, 120V/15A, UL Listed

- 2-gang configuration for dual device installations
- White brass finish over brass construction
- Rated for 120V circuits at 15A
- IP20 rated for indoor, non-waterproof use
- UL listed for compliance verification
- Backed by a 1-year manufacturer warranty

OVERVIEW

The C-VTG-WB-2-S-S is a 2-gang wall plate in a white brass finish with a stainless steel construction, built to order for residential and light commercial electrical supply applications. It is intended for use over switches or receptacles in single-family and multi-unit residential installations where a durable, metal-finish cover plate is specified.

The plate is rated for 120V and 15A circuits and carries an IP20 environmental rating, indicating suitability for indoor, non-waterproof locations. Construction is brass with a white brass finish, and the product carries UL listing along with a 1-year warranty.
