

3-Gang Wall Plate, One Duplex and Two GFCI Openings, White Brass, 120V/15A

- Configured for one duplex opening and two GFCI openings in a 3-gang layout
- White Brass finish over solid brass construction
- Rated 120 V at 15 A for standard residential circuits
- IP20 environmental rating for non-waterproof, dry-location use
- UL listed for compliance verification
- Backed by a 1-year manufacturer warranty

OVERVIEW

The C-VTG-WB-3-D-G-G is a 3-gang wall plate configured with one duplex opening and two GFCI openings, finished in white brass over a brass base material. It is built for residential and light commercial installations where a single cover plate must accommodate mixed duplex and GFCI device combinations.

The plate is rated for 120 V service at 15 A and carries an IP20 environmental rating, classifying it as non-waterproof and suited to dry interior locations.

The device is UL listed and backed by a 1-year warranty.
