

3-Gang Wall Plate, One Decorator and Two Switch Openings, White Brass, 120V 15A, UL Listed

- Three-gang configuration with one decorator and two toggle switch openings
- Solid brass construction with white brass finish
- Rated 120V at 15A for standard residential circuits
- IP20 rated, Non-Waterproof environmental classification
- UL listed for compliance verification
- Backed by a 1-year manufacturer warranty

OVERVIEW

The C-VTG-WB-3-D-S-S is a white brass 3-gang wall plate assembly designed for residential and light commercial supply applications. It combines one decorator (Decora-style) opening with two toggle switch openings in a standard side-by-side configuration, suitable for new construction and retrofit installations.

The assembly is rated 120V at 15A and constructed from brass with a white brass finish. It carries an IP20 rating and is classified Non-Waterproof, making it appropriate for dry interior locations only.

The device is UL listed and backed by a 1-year warranty.
