

White Brass 3-Gang Wiring Device, One Duplex and Two USB Openings, 120V 15A

- Configured with one duplex receptacle and two USB charging openings
- Brass construction with a white brass finish
- Rated for 120 V operation at 15 A current draw
- IP20 rated for dry indoor use only
- UL listed for residential wiring applications
- Backed by a 1-year manufacturer warranty

OVERVIEW

The C-VTG-WB-3-D-U-U is a white brass 3-gang residential wiring device built to order for the RS Vintage Hardware line, configured with one duplex receptacle opening and two USB openings within a single gang assembly. It suits standard residential electrical installations requiring combined power and USB charging access at one location.

The device is rated for 120 V input at 15 A and carries an IP20 rating, indicating suitability for dry indoor environments rather than wet or damp locations. The brass construction with a white brass finish provides mechanical durability for residential wiring applications.

The device is UL listed and carries a 1-year warranty.
